Fantastic opportunity to get in on the ground floor in a brand new stunning split level development situated in the heart of Albany. The development is shouldered by a child care and a yet-to-built consented hotel which will add to the bustling hugely popular area that it already is. The development is due for completion towards the end of 2023 allowing you plenty of time to design your own shop or find tenants to pay the mortgage.

Albany is becoming a hot spot for international tenants and high rise apartments/hotels that are either currently being built or are in the planning stages.
