

SOLD! Home For The Executives

4 3 358m2

This brand new home has the feel of a quality constructed building built for the professionals in mind. As you come in the front door, on your right is a large executive office room or 3rd living area. As you walk further into the home you will find the master bedroom with ensuite as well and further on your will be delighted to view the modern kitchen open plan with spacious dining and second living room. The open plan living flows out to the outdoor area.

As you travel upstairs you will be greeted with a spacious living area plus three double bedrooms, one with ensuite and a common bathroom. Cleverly designed with a study nook to cater for your children's study. The photo does not do this fabulous justice that it deserves, so I highly recommend that you come along to the Open Home and be surprised by the size this home has to offer.
